Consumptives,

READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK—

DEAR SIR: I feel it a duty I owe to you, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulmonic Syrup and Seawed Tonic in so short a time. By the blessing of God it has cured me thus far.

Dr. Schenck, I will now make my statement to you as follows: About eighteen months ago I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and costive. I was very low spirited, and had such violent spells of coughing when I laid down at night and when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1862, not able to sit up. I had the best medical attendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood, and it was generally accompanied by nausea and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die. Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. I then was in the western part of Missouri. In June last we left there for the East, and in August last, we came to New York, and I was so reduced that I could only walk a little with my husband's help. After I had been here a short time the salt water breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In November last I grew worse, and the consumption diarrhœa set in and lasted about eight weeks. We had tried all and everything that I could grasp of like a dying person for my diseases—consumption and liver complaint—but of no avail.

In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all gave me up to die. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spasms, and was deranged most of the time.—A friend, Mrs. Harris, came to see me the last of the week, and brought the Sunday Mercury. In it was an account of a great cure performed by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me.

On the 27th of January 1863, my husband called on Dr. Schenck, 32 Boyd street, New York, and stated to him my case, with a request for him to call and see me, which he did, and examined me with the respirometer.—When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchial tubes are affected on both sides." And yet he seemed to think that there were lungs enough left to effect a cure if the diarrhœa could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant coughing, night sweats, and diarrhœa had prostrated me so that he was afraid my vital powers were too much prostrated ever to rally, and yet he seemed to think if I could live to get enough Pulmonic Syrup through my system to cause expectoration there were lungs enough left for me to recover. He wished me to try the Pulmonic Syrup and Seawed Tonic at once, saying it would do me no harm, if it did me no good.—The first week it seemed to give me strength, so that on Sunday after I sat up in bed and ate hearty for a sick woman, but the next week I lost all hope and wished my husband not to give me any more medicine. But the doctor had warned him of this, and when the medicine was clearing out the system it made me feel somewhat restless, and to persevere; and he insisted on my taking it: and now I feel the benefit of it. For after eight days I began to gain my strength, and, with the exception of a cold that put me back some, I have been gaining strength of body, my cough is going away, and all my pains are gone; no soreness of the body, my bowels are regular, and my breath is sweet, and I thank God that I am now going about, and sew and read as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite and rest well at night; my cough does not trouble me in getting up or lying down. I would here say to the afflicted with consumption or liver complaint, that Dr. Schenck is no humbug. You can rely on what he says.—Delay not; it is dangerous to trifle with these diseases. If you would be cured, go at once; and any one wishing to know the facts as herein stated can call at my residence, 117 West Houston street, New York city.

MRS. MARY F. FARLOW.

We, the undersigned, residents of New York, are acquainted with Mrs. Farlow, and know her statement to be true. We also know that she used Dr. Schenck's Pulmonic Syrup and Seaweed Tonic, and have reason to believe that to this medicine she owes her preservation from a premature grave.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand,

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

☞ Needles and Thread will also be supplied. J. S. WITHEROW, Agent,

THE BEST IN THE MARKET.
THE VICTOR SORGO MILL.

Over Five thousand of these Mills have been made and sold in the last three years. The best recommendations can be given.

Also—COOK'S EVAPORATOR, for making Sugar and Molasses, said to be the best in use.

CORN CRUSHERS.

Three different sizes for grinding Corn in the ear, or shelled—or any other kind of grain. This is a machine that every farmer should have, as a bushel of ground feed is equal to a bushel and a half unground. The high price of feed of all kinds makes an imperative demand for some kind of machinery by which to save. It is a rapid grinder and durable.

BELLS FOR CHURCHES,
SCHOOLS, FARM HOUSES, FOUNDRIES, &c. Made of the best steel composition. Church Bells insured for one year.

WILLOUGHBY'S GUM SPRING DRILL,
WITH CROSSELL'S GUANO ATTACHMENT. This is considered one of the best Drills now in use. It will distribute any kind of grain evenly, and sow from one bushel up to three to the acre. The Guano Attachment has given entire satisfaction wherever used. It is so constructed as not to clog in sowing any kind of Phosphates or Bone Meal. Having sold a number of these machines last season, I can fully recommend them to be what they are represented. Persons wishing to buy should make application early as the supply is small and the demand great.

F. & S. SMITH'S CAST STEEL PLOUGHS.

First, It is the only Plough yet produced that will invariably scour in any soil.

Second, It is now an established fact that It will last from three to six times longer than any other steel plough in use.

Third, It draws lighter than any other Plough, cutting the same width and depth of furrow.

The different parts of the Plough are cast in moulds into the exact shape desired for the mould-boards, shares and land-sides, giving the parts most exposed to wear any desired thickness. The shares can be sharpened by any blacksmith. The steel is perfectly malleable and works kindly. Edge tools have been made out of pieces of the plough by blacksmiths all over the country.

Selected Poetry.

THE OLD FARM HOUSE.

At the foot of the hill, near the old red mill,
In a quiet, shady spot,
Just peeping through, half hid from view,
Stands a little moss-grown cot;
And straying through at the open door,
The sunbeams play on the sanded floor.

The easy chair, all patched with care,
Is placed by the old hearth-stone;
With a witching grace, in the old fire-place,
The evergreens are strewn,
And pictures hang on the whitened wall,
And the old clock ticks in the cottage hall.

More lovely still, on the window sill,
The dew-eyed flowers rest;
While mid the leaves, on the moss-grown eaves,
The martin builds her nest,
And all day long the summer breeze
Is whispering low to the bending trees.

Agricultural & Domestic.

FALL PLOWING.

The fall is the time to plow land that is pretty well run. Especially is this the case where clay predominates. In such case the plow should be run an inch or two deeper than usual. This should not be neglected, as the soil thrown up from below is the original soil, and has the strength of the top soil ere it became exhausted. This will be like a coat of manure, the frost and the rains having the effect to decompose and mellow and prepare the soil thus thrown up. It needs the elements to prepare it. The sun the succeeding summer finishes what the frost failed to do. A coat of manure worked into the top would aid this operation, but it will do well without the manure.

This plan (of plowing deeper) has another advantage: it increases the soil—the available soil for the growth, and is equivalent to subsoiling to a small degree—so that two important points are reached at one operation, and the extra outlay is a little more horse-power—not necessarily an additional horse. So there is no interference with this plan; no extra expense; it is simply adjusting your clevis pin.—*Rural World.*

PRUNING.

For the removal of small limbs from young trees hardly any time can come amiss. It were better to do it out of season than to neglect it. And it is a good rule to have a sharp pruning knife always on hand, when passing among your young orchard trees. There is but one time when pruning should be absolutely interdicted, and that is at the time that the wood is frozen. When so circumstanced, it should never, on any account, be cut or handled in any manner, not even to gratify your best friend by helping him to a few grafts from your tested tree of some coveted variety. Let him wait for a thaw or go away without them, rather than commit such an outrage upon your tree as to approach it when frozen.

While considering the question of the proper time for pruning there is an axiom of great importance, which should be firmly impressed upon the mind of the orchardist; much will depend upon which of the two leading objects he may have in view—vigor of growth and symmetry of form, or simply fruitfulness, as the result of his labor in pruning trees. Pruning at one season will induce the former effect; at a different period of the year, the same work will conduce to the latter result. Hence, the value of this postulate, which is pithy and easily remembered, prune in winter for wood—in summer for fruit.—*Dr. Warder.*

DOMESTIC RECIPES.

GREASE FOR COW-HIDE BOOTS.—Heat well together, in any iron vessel; 1 pint linseed oil, 2 ounces tallow, 1 ounce beeswax, and 3 tablespoonfuls of lampblack. Apply with a brush. I have used this 15 years with entire satisfaction.—*A. M. Knapp, Poultney, Vt.*

KEEPING AND SETTLING COFFEE.—The following appears valuable: "For 1 lb. of coffee, take one egg, and beat it well. When the coffee is nicely browned and cool enough not to cook the egg, pour the egg over it, stirring it until every kernel is coated as with varnish, and let it stand a few minutes in a warm place until it dries. This will prevent the escape of all aroma, is not affected by moisture, and the egg helps settle the coffee when it is ground and steeped."—*Farmer's Daughter, Hastings, Mich.*

SODA CRACKERS.—Rub well together, 14 cups flour, 1 cup lard, 4 teaspoonfuls cream of tartar, and 2 teaspoonfuls of soda. Add 3 cups of water, and work the dough very thoroughly. Roll, cut, and bake quickly.—*Mary Mendenhall, Roseville, Penn.*

CHATAUQUA COUNTY CORN BREAD.—The following is very good for general use, and I think would have taken the prize at your Corn Bread Exhibition: Take 4 quarts corn meal, 1 quart flour, 1 cup molasses, 1 teaspoonful soda, 1 tablespoonful salt, 1 pint milk emptyings; mix quickly with milk or water, and bake slowly 4 hours. It is improved by remaining in the oven over night.—*W. H. S. Grout, Poland, N. Y.*

ABOUT UNBOLTED FLOUR.—I admit that unbolted flour will make the most healthful bread, but bran and flour separated will keep sweet longer than if mixed. We have tried the following with satisfaction. Bolt and keep separate as usual. For bread, mix the pure flour and let it rise two-thirds of the necessary time; then wet the bran, mix it with the dough, and let it all rise the rest of the time; then bake. You thus obtain very good, sweet, sound bread.—*M. Nicdier, Ozaukee co., Wis.*

☞ At the election in Baltimore, among the questions put to the voters was the following: "Did you ever rejoice at a defeat of the Federal army?" An Irishman to whom the question was put, replied: "Shure an' I tuk the Baltimore *Clipper* an' niver knew they wur defeated."

Choice Miscellany.

HOW SOLDIERS MEET.

The manner in which those men who led the great opposing armies during the war now meet is enough to put to the blush the miserable stay-at-home cowards, who are still endeavoring to keep alive the feeling of hatred between the two sections of our country.

The Baltimore *Commercial* states that at the Horse Fair, in that city, on Saturday, General Grant was present, and occupying one of the stands, when his attention was called to the fact that General Joe Johnson was upon the other, the question being put, "Would he like to see him?"

"Certainly," was the reply of the General. "There is no man on the ground I would be more pleased to see!"

General Johnson was sent for, and a cordial greeting took place. While this was going on, General Stoneman also made his appearance, a like cordial greeting occurring, the three occupying the stand for a couple of hours in company.

—The Louisville *Journal* gives the following pleasant account of a recent meeting in that city between Gen. Hood and General Geo. H. Thomas, of the United States army.

During the past few days several distinguished Confederate officers have been in the city on business connected with their peaceful avocations. The meeting between E. Kirby Smith and J. B. Hood was more than cordial—it was affectionate. They had not met before since the close of the war, and their greeting was that of true and tried friends, who loved and trusted each other. We have no inclination to pry into the privacies of two such men, but the twinkle of laughing eyes and inferred fun expressed in their greeting, and use of old nicknames—their significance best known to themselves—told of pleasant bygones.

But a nobler exhibition of the generosity of mind and personal honor was that afforded yesterday in the meeting of Gen. Geo. H. Thomas with his old comrade-in-arms, ex-Gen. John B. Hood. Upon two disastrous fields for the Confederacy General Thomas had been matched against Hood, and had overwhelmingly beaten him at Franklin and Nashville, and added lustre to the stars and stripes. Yesterday, as General Hood stumped into the diningroom of the Louisville Hotel to take his midday meal, General Thomas rose from his seat to meet the maimed and gallant Hood, and cordially greeted his old companion-in-arms. The two Generals dined together like old friends and no doubt had many reminiscences to recall of scenes by flood and field in auld lang syne. Their interview was most genial and pleasant, apparently, and we believe that such meetings go further to reunite the late opposing sections than a thousand resolutions of wordy fealty.

AFTER DINNER SPEECHES.

Frazer's Magazine tells the following on Daniel Webster, while speaking under the influence of convivial potations:

At a public dinner, where Webster was to speak, he had to be prompted by a friend; and, on his making a pause, the friend behind insinuated "national debt." Webster at once fired up: "And, gentlemen, there's the national debt—it should be paid; yes, gentlemen, it should be paid, and, if it can't be, I'll pay it myself! How much is it?" And as he made this query, with drunken seriousness, of a gentlemen near him, taking out his pocket-book, which was always notoriously empty, the absurdity was too much for the audience.

Another of his speeches is reported in full, as follows: "Men of Rochester, I am glad to see you, and I am glad to see your noble city. Gentlemen, I saw your falls, which I am told are one hundred and fifty feet high. That is a very interesting fact. Gentlemen, Rome had her Cæsar, her Scipio, her Brutus; but Rome in her proudest days, had never a waterfall a hundred and fifty feet high! Gentlemen, Greece had her Pericles, her Demosthenes and her Socrates; but Greece, in her palmiest days, never had a waterfall a hundred and fifty feet high! Men of Rochester, go on. No people ever lost their liberties who had a waterfall a hundred and fifty feet high!"

FISHING FOR A GOOSE.

When Hoke's division was on the retreat through this county, one of the boys baited a hook, with a grain of corn and threw it into a flock of geese that had been driven into a farmer's yard for protection. No sooner on the ground than it was seized and swallowed by the old gander. Suddenly his gooseship was seen to fly over the fence and with his neck extended and wings spread, he was following the soldier. The old farmer seeing this, ran out, and exclaimed, "Don't strike him, friend; he won't hurt you!" He had not seen the cord, and supposed the gander was for making fight at the stranger. He followed on for half a mile, begging that his goose should not be hurt; when, to his utter dismay, the goose mounted the horse with the rider, and was soon out of sight.—*Greensboro (N. C.) News.*

LEARN A TRADE.

The New York *Sun* very sensibly recommends that every boy, whether rich or poor, high or low, ought to learn a trade—not that he should always work at it, but that he may have it as reserve capital, together with its influence in forming his character.

Nothing but an absurd false pride prevents many parents from adopting such sensible counsel. There have been instances of royal personages training their children to mechanical employments, and thereby rendering them competent to grapple with any change of fortune, but such good sense is beneath the dignity of some of our American sovereigns.

A Good Custom.—It was the custom in Massachusetts, in early times, as we learn from Lewis' History of Lynn, for a person to go about the meeting house, during divine service, and wake the sleepers. "He bore a long wand, on one end of which was a ball and on the other a fox tail. When he observed the men asleep, he rapped them on the head with the knob, and roused the slumbering sensibilities of the ladies by drawing the brush lightly across their faces."

☞ A story is told of a Western candidate who came upon "a poor white man," who had a vote to give, if he did do his own milking. The candidate, Jones, asked him if he should hold the cow, which seemed to be uneasy, and the old man consenting very readily, he took her by the horns and held fast till the operation was done.

"Have you seen Robinson (his rival) round here lately?" he asked.

"Oh, yes; he's behind the barn holding the calf!"

WHERE ARE WE DRIFTING?

It is revealed somewhere in the scriptures that after a long, very long series of years, "the devil is to be let loose for a season." If we are competent to judge of the evil the father of the Black Republican party is capable of doing, when fairly "let to see," we are decidedly of the opinion that the "season" spoken of has commenced, and that his Satanic majesty has been permitted to have free range, now and here, in these United States. In all our experience as a journalist, we have never known the papers of this country to be filled with so many and such atrocious violations of law, as now fill their columns. Terrible murders, shocking suicides, infamous rapes, abductions, burglaries, robberies, and other serious offences against the laws of God and man, form only a portion of the catalogue that go to swell the list from day to day. Politically, we are in no better condition. We see the prevailing party of the country, which should pour oil on the waters that have been troubled by four years of unnatural strife, exhibiting a spirit of vindictiveness, a savage ferocity that would disgrace a community of heathens. Beasts like Brownlow and Butler are not only permitted to perambulate the land, preaching death and damnation, destruction and confiscation, but their worse than Robespierrean doctrines are actually applauded by ill-bred crowds as low and mean as themselves. The coward and ignoramus are elevated to places of responsibility and trust, the thief is applauded as a pattern of honesty and patriotism, and men claiming to be intelligent, refined, moral, pious, prefer the elevation of the thick-lipped African to that of their own superior race. Extravagance and defalcations are the order of the day. The good old days of our fathers, when honesty was the rule and dishonesty the exception, have passed away, we fear forever. A large portion of our clergy, who should set a good example, have become mere political "blather-skites" and have ceased to be respected. Force and fraud have come to be relied on, to carry our elections, instead of votes, and in all circles of society we see a disposition to steal, lie, grab, cheat and swindle. Is there not in all this, evidence enough to induce the most skeptical to believe that Satan is ruling this nation, at least—that the devil has inde

The Compiler.

GETTYSBURG, PA.

Monday Morning, Dec. 3, 1866.

☞ Congress meets to-day. The President's Message may be looked for in our next.

SOUND DOCTRINE.

The Democratic papers of the country are speaking out warmly against the new position taken by the Chicago *Times*. They want no negro suffrage—neither "partial," "impartial," or "universal." The white race is the superior race, and must maintain its superiority by continuing to be the governing power. Beside, the question of suffrage is a State affair, and the Democratic party holds now, as it has always held, to the doctrine of non-interference in the internal affairs of a State. The New Hampshire *Patriot*, in an article annihilating the position of the Chicago *Times*, sums up in this clinching manner:

"The fact is, the Democratic party has nothing to do with the question of negro suffrage in the South, except to oppose all *efforts to force that measure* upon the States. If the Southern States desire to grant suffrage to negroes, it is their right to do so; and if they do not see fit to do it, they have the right to refuse. It is their business, and its settlement should be left to them."

That's it, exactly! Upon such sound doctrine the Democracy can stand as long as there is a constitutional government to stand by.

TAXATION.

During the fiscal year ending June 30, 1866, the government collected from the people of the United States over five hundred millions of dollars in the shape of taxes. For the present year the amount from these sources is estimated at six hundred and fifty millions of dollars. No sensible man will pretend that the government of the United States has any legitimate use for half this sum per annum. It cannot be denied that this extraordinary sum, such as was never drawn from any other people, is a heavy weight on the productive industry of the country. From whomsoever directly, it ultimately falls upon that industry. The effect of this taxation has been to check the prosperity of that industry, and if persisted in must ultimately prostrate it. The coming Congress should do something to reduce taxation, and lighten the burdens it imposes upon the prodigeers of the nation. But will they? There are projects for impeaching the President, and plans for obliterating the State governments, and schemes for depleting the Treasury in order to establish a bureau of education for colored persons, but not one word is said about reducing the taxes paid by white men. The Radicals have time for all purposes save that,

☞ The vote of Pennsylvania, the last three years, has been as follows:

	1864.	1865.	1866.
Dem. vote,	276,316	215,740	289,251
Rep. vote,	296,891	236,400	306,357

From these figures it will be seen that while each party has polled a larger vote this year than in 1865 or 1864, the increase in the Democratic vote is greater than that of the Republican, to wit:

	Dem.	Rep.
Inc. vote in '66 over vote in '65,	73,511	69,957
Inc. vote in '66 over vote in '64,	12,935	10,466

We respectfully commend these figures to those of the opposition who imagine that the Democratic party is dead. A party which can gain 13,000 votes in three years, under circumstances like those of the past three, need not despair of ultimate triumph. We need only be true to our faith, keep up brave hearts, and labor with due zeal, to come out on the winning side yet.

SOUTHERN ENTERPRISE.

A spirit of enterprise is taking hold of the people of the South. They have heretofore contented themselves with raising the great American staple—cotton. They are now projecting and building cotton factories, preparatory to converting their own staple into goods, and availing themselves of the benefits of Yankee tariffs.

☞ The Mongrels are getting up clubs for the *N. Y. Tribune*. Our friends should not allow themselves to be thus outgeneraled. An antidote to Greeley's poison must be circulated. Get every body you can to take the COMPILER, and "the rest of mankind" to subscribe for the Philadelphia *Age*, Harrisburg *Patriot & Union*, or some other equally honest and patriotic paper. Now is the time to extend the circulation of Democratic papers. Let every working Democrat interest himself in this behalf.

☞ B. F. Butler, while in New York on Saturday week, was served with notices of two suits, commenced against him in the Supreme Court by John H. Lester, *now a resident of New York*, for false imprisonment, the damages being laid at one hundred thousand dollars. Mr. Lester during the war received a free pass from Secretary Stanton to visit the North. His pass was disregarded and he himself was arrested and imprisoned by Butler.

☞ The Yankee members of Congress are great on temperance! They want to tax distilled spirits high, so as to discourage their use! Therefore they tax the rum made in New England only fifty cents a gallon, while the whiskey made from Western corn is taxed two dollars a gallon. Isn't it glorious to be under Yankee rule?

☞ The Republican papers of Boston are taking ground against the impeachment of President Johnson. They fear that Radical hate and folly may go a step too far.

☞ The New England and Middle State Radicals are getting ready for rushing a high tariff bill through and the Western Rads are preparing to oppose it. Some time or other there will be a big fight on that question.

☞ Col. Joseph Severns, formerly of the Philadelphia *Argus*, has been appointed Surveyor of the Port of Philadelphia. Wm. Kennedy, Esq., of the Carlisle *Volunteer*, has been appointed an Assistant Revenue Assessor. Good boys! Glad to see them in such luck.

☞ Hon. Jacob Fry, formerly Auditor General of this State, died at his residence, in Montgomery county, on Wednesday night. An honest man!

THE ADMINISTRATION POLICY.

The Washington *Republican* says:

"Restoration must be effected soon, or the passions and prejudices engendered by the war will render the difficulty incurable. We desire just now, after the elections and before Congress meets, to lay down this proposition as strongly as types and ink can make it: *The policy of the Administration will prevail if the Union of these States is saved.* No matter if the people in their madness do reject the Lord's prayer of forgiveness, upon the condition that we forgive others; no matter if they do ask that President Johnson and Secretary Seward be crucified, and that Barrabas be released; no matter if they do insist that the Jewish law of retaliation is the only course to be pursued towards the late rebels, it is as certain as the sun shines that no political party can live long by it and that no individual can afford to die by it. No matter if they malign and traduce the President and Secretary Seward, caricature them in prints and call them by coarse and opprobrious names, the stern, solid truth remains, that their policy is the only one whereby the country can be saved!"

THE DUTY OF CHRISTIANS.

Is it not time that ministers and christians begin to discountenance the devilish schemes of the disunion agitators and corrupt villains who control the Republican party? They pushed forward their sectional partizan creed until they drenched the land in blood! They violated every principle of free government by their arbitrary *arrests and usurpations!* They *stole* the nation's money and created taxation and debt to an unparalleled extent! They are guilty of the most God-defying hypocrisy, and revel in frauds at elections and in congressional and legislative apportionments—throw out fairly elected members—and are steadily moving forward in the road to further anarchy, revolution and blood! Are christian *ministers the aiders and abetters of such* unholy schemes of villainy and wrong?—*Sunbury Democrat.*

HANDSOME GAINS.

Although the Democracy of this State, during the past six years, had to encounter Satan and his agents, in the shape of war, provost marshals, sneaks, spies, internal and external foes, forts, prisons, and even death, they have, after overcoming all this opposition, increased their vote from 230,000 to 290,000—just 60,000; while our enemies, with all those *elements to favor them*, have increased from 262,000 to 307,000—or only about 45,000. If Democrats grow in this manner while the soil is tilled by our enemies *and in time of war*, what is there to prevent an increase of a hundred fold in time of peace? The Democratic party dead! No, sir-ee. It will whip the *white* and *black* Republicans combined the next time.—*Clearfield Republican.*

THE TRIAL OF MR. DAVIS.

The following is from yesterday's *Ledger*:

Jefferson Davis' Case.—The regular term of the United States Circuit Court at Richmond should have begun on Monday, but it is announced that neither Chief Justice Chase nor Judge Underwood were in Richmond on that day, and consequently no court was held. The case of Mr. Davis, which should have come up at this term of the court, is therefore postponed until the next term, which is held in May, 1867. None of the counsel for the prisoner were in Richmond on Monday.

This is a mistake, so far as it relates to the counsel of Mr. Davis. Judge Ould and the Hon. J. R. Tucker were in attendance at Richmond, ready, if there had been a court, to proceed to trial. The other counsel were all within reach. Where Underwood was is not known. The Chief Justice was on a frolic at Gettysburg with Geary and Mayor McMichael.—*Ed.*

☞ The talk about the death of the Democratic party is all gammon. The Northern Democratic vote is two million and the Southern Democratic vote is one million eight hundred thousand—a total of three million eight hundred thousand—3,800,000. The Radical forces number in the North two million four hundred thousand and in the South one hundred thousand—a total of only two million and a half—2,500,000. The Democracy have, therefore, a clear majority of one million three hundred thousand—1,300,000! Talk about such a party dying, or adopting "qualified negro suffrage" to keep alive!

A despatch from Baltimore, the other day, stated that the new Police Commissioners and the Sheriff intended to prosecute Judge Bond, the District Attorney, the Deputy Sheriff and the Warden of the Jail, for false imprisonment.

☞ The Maine woolen manufacturers have already closed up their mills, in order to bring immediate pressure upon the Rump for a higher tariff. Having made their "pile" during the war, on shoddy, they can afford to stand idle for a year or two and not loose a cent of their own.

☞ In a published card Fernando Wood declares that I have not advocated negro suffrage either in Washington or elsewhere; and that I am not in favor of the proposed amendment to the Constitution."

☞ Wendell Phillips—the pioneer of the Radical party—charges Gen. Grant with responsibility for the "New Orleans massacre," as he calls the defeat of the Convention traitors, and adds: "The most humiliating position occupied to-day by any United States man on this continent is occupied by Ulysses Grant." In Radical estimation every man—no matter what his sacrifices or services—is a rebel and treason sympathiser who does not go for disunion and negro suffrage. Not a Radical organ in the land has reproved Phillips for his numerous flings at General Grant.

☞ The New York papers are cautioning country workmen against seeking employment in that city, telling them that the labor market there is over-stocked, business dull, and multitudes of workmen are discharged, while the rate of wages is falling. Referring to this fact the Washington *Star* remarks:

"We feel it a duty to give the same warning to persons coming to Washington in quest of employment. In our long experience in the newspaper business we have never before known so many persons out of employment in this city."

☞ "The divine right of beauty," says Junius, "is the only divine right a man can acknowledge, and a pretty woman the only tyrant he dare not resist."

NEWS ITEMS.

☞ The General Synod of the German Reformed Church in the United States is now in session at Dayton, Ohio.

☞ The great tunnel to supply Chicago with water from the Lake, has been completed.

☞ Black bears appear to be plenty in Centre county. Three were shot last week; one killed weighed dressed over 300 pounds.

☞ Spurgeon's church has thirty-five hundred members.

☞ It is understood that Secretary McCulloch, in his forthcoming report, will urge measures looking to speedy resumption of specie payments.

☞ The amount of glass required for the windows of the Paris Exposition is 30,000 square meters, which is a sufficient quantity to cover nearly 20 acres of land.

☞ Gen. Dudley, now in command at Vicksburg, Miss., attended a dinner recently given by the merchants of that city, and gave as a sentiment: "The conservative element of the country—the fighting men of both armies."

☞ Col. J. A. Long, of the regular army, and private secretary to President Johnson, was married on Thursday evening, the 1st ult., to Miss Lizzie D. Foster, daughter of Hon. Henry D. Foster, of Greensburg.

☞ A snow white deer was recently shot by Mr. Josiah Heckman, Tobyhanna township, Monroe county, Penna. It was a beautiful specimen of the deer species, and a very rare animal.

☞ The largest crop of buckwheat ever raised in Pennsylvania, was harvested this fall.

☞ A young lady residing in Lansing, Michigan, was stung on the forehead by a honeybee in August last. The poison of the sting caused a severe swelling, and so prostrated her nervous system as to confine her to bed, and eventually caused her death last month.

☞ Ireland is gradually becoming a grazing country, and the increase of late years in the rearing of cattle is remarkable. The decrease of land under crops this year, as compared with last year, is no less than 128,725 acres. The pigs have increased to the extent of 187,000, sheep 575,000, cattle 245,000.

☞ Dr. Gloninger intends to contest the election of Mr. Cake, in the Schuylkill and Lebanon district—basing the contest upon the glaring frauds known to have been perpetrated in Cake's interest.

☞ Had there been a fair election in Missouri the Rads would have been beaten 80,000 votes. At least one hundred thousand conservatives are disfranchised in that State.

☞ Geary will be inaugurated as Governor on the 15th of January.

☞ New England rum is taxed only fifty cents on the gallon, whilst Pennsylvania whiskey is taxed two dollars. Yet Pennsylvanians will vote to sustain a Yankee Rump.

FACTORY DIVIDENDS.

The Cotton manufacturers are suffering terribly for want of "protection," and we expect one of the first measures passed at the approaching session of Congress will be *one for their relief.* Take for example the Newburyport Mills. The *Herald* says that the Ocean Mills, after paying a ten per cent. dividend for the last six months, had *ten per cent. more to add to the reserve fund*—making only 20 per cent. in six months, or 40 per cent. per annum. The Bartlett Mills also, divided ten per cent., which was but little more than half the profits of the last six months. The James Mill earned 28 per cent. in the six months; and the Globe Mill has earned ten per cent. Taking them all together, these mills have made 40 per cent. or $40 on every $100, of capital. Do they not need "protection?" Is it strange that the Cotton manufacturers support a party that enables them to realize such profits? Not at all; but it *is* strange that the poor men of the land—the men who support their families by their labor, should vote for that party. It is Republican policy that gives these profits to capital and riches the amount from labor.—*New Hampshire Patriot.*

THE PAST AND THE PRESENT.

Thirty years ago, the people would rise up and pelt the Abolition orators with rotten eggs when the atrocious insult of negro equality was offered them. Now they are lauded to the skies for using the same language and proclaiming worse principles. They even elect negroes to important offices; for example, the voters of Massachusetts elected two buck negroes to their Legislature at the late election. Why this ludicrous and disgusting change in the sentiments of the people? Are they less capable of governing themselves *now* than they were thirty years ago? Have they become so debased in morals and self-respect as to approve of elevating the negro to the highest office, because the leaders of their party advocate it? Heaven only knows the sequel of our nation, if we continue in our present career. We hope and pray the laboring portion of the people will see and act before it is too late.

A Woman Buried Alive.—A terrible occurrence is said to have taken place near Quincy, in Illinois. Mrs. M'Clure was supposed to have died on Sunday, and on Monday was placed in a vault belonging to the family. Next day groans were heard from the vault by the children of the woman and an old lady who was with them. Upon learning this, the husband and neighbors repaired to the vault, broke open the door, opened the coffin, and found the woman alive. She had torn her hair and wounded her fingers in vain efforts to escape from her narrow prison. She was taken home and is said to be now in a fair way to recover.

☞ Fred Douglass and his son have purchased a house at Alexandria, and will shortly establish their peculiar journal in that city. The Rochester (N. Y.) *Union* says: "If the Douglasses succeed in Dixie, they will do better than they did here in the hotbed of their professed friends, when engaged in the grocery business. They occupied a good stand, and kept good goods, but they did not get enough patronage from their Abolition and negro equality brethren to buy their salt."

Precocious.—An urchin leading a small dog along the streets some days ago, was accosted by a gentleman as follows:

"Well, my son, what is your dog's name?"

"Haint got any name yet."

"Well, why don't you name him? Give him some good name. Call him Andy Johnson."

"I don't like to do that—'twould be disrespectful to the President."

"Well, then, name him Beast Butler."

"I won't do that neither, for that would be disrespectful to the dog."

COURT.—Special Court commences to-day. Several civil suits are to be tried.

(Communicated.)

CARD.

The Executive Committee of the National Orphans' Homestead take the opportunity of a special meeting convened November 28th, 1866, to express their grateful sense of the kind and efficient co-operation of the Associate Board of Ladies and Gentlemen of Gettysburg in completing the Homestead, *in arranging* for the inauguration ceremonies of the 20th, and in providing for the entertainment of the guests among the hospitable families of the town. Our relations to the Associate Board have been so eminently pleasant and satisfactory that we look with sincere pleasure to their continuance in the future.

Extract from Committee's minutes.

J. FRANCIS BOURNS,
General Secretary.

Philada., Nov. 24th, 1866.

TOWN AND COUNTY AFFAIRS.

ASSOCIATE JUDGE.—At the close of the November term of Court, on Saturday evening week, Associate Judge David Ziegler arose, and, after remarking that his term of service was about to expire, neatly thanked the other Judges, the members of the Bar, and all connected with the Courts, for the uniform kindness and courtesy extended to him during his ten years' occupancy of a seat upon the Bench. Judge Fisher and several members of the Bar responded, thanking Judge Ziegler in return, and complimenting him for his faithful and efficient discharge of duty. Good wishes were mutually reciprocated.

In this expression of praise, we heartily join, knowing, as we do, that Judge Ziegler fully deserves the meed, "well done, good and faithful servant."

Hon. Isaac Robinson takes his seat upon the Bench to-day. That he will also fill the position with fidelity, all who know him will readily concede. His qualifications are likewise of the best.

REGISTER AND CLERK OF THE COURTS.—On Saturday last, Wm. D. Holtzworth and Adam W. Minter, Esqs., entered upon their duties, respectively, as Register and Recorder and Clerk of the Courts. Their immediate predecessors, Samuel Lilly and James J. Fink, Esqs., filled these offices well and acceptably, having always been obliging and attentive to business; and we doubt not that the new incumbents will be found equally worthy of commendation.

The county officers elected last October have now all assumed the duties of their respective positions.

FORGE.—Gettysburg has *some* enterprise—and in proof of it, we are happy to state that Messrs. Bringman & Warren have erected a Forge for the working-up *of scrap iron*, adjoining their Bone and Chopping Mills, in the western part of town. A hasty inspection of the work, the other day, convinced us that it will perform well, and we trust that the enterprising owners will be rewarded for the labor and capital involved. Farmers and others who may have old and useless iron on hand, will find a ready market, whilst all who may need a first-class article of manufactured iron will always be able to procure it, at the new Forge.

ACCIDENT.—Our neighbor, Dr. O'Neal, on Saturday morning last, whilst arranging a board in connection with the addition to his residence now near completion, lost his balance, and fell a few feet, fracturing a small bone in the left leg, between the ankle and knee joints. His numerous friends will be glad to learn that the injury is not a serious one. A well-fitting permanent apparatus will so strengthen the limb as to enable him to be about again in a day or two.

HOTELS.—Mr. Samuel Eicholtz having purchased the hotel at New Salem, six miles west of this, removed there on Thursday week, and assumed the duties of landlord. This old and well-established stand will not suffer in his hands.

Mr. Wm. E. Myers, some time since, purchased, of Mr. Samuel Herbst, the house on Chambersburg street, midway between the Square and Washington street, formerly used as a hotel, and has considerably enlarged and handsomely re-fitted it, with a view of re-opening it as a hotel. He will remove there on the first of January. It is not doubted that Mr. Myers will keep an excellent house.

THANKSGIVING.—Thursday, Thanksgiving day, was characterized here by a general suspension of business, and a (supposed) general serving up of good dinners. Services were had in the Catholic and St. James Lutheran churches in the morning. In the latter, ministers of different denominations participated.

THE METEORS.—It may suit those who are unwilling to wait thirty-three years to see a shower of meteors to know that Olbers, the astronomer, supposes the real period of their return to be thirty-four years, and that the display of 1799, repeated in 1833, will re-appear in 1867.

THE HOLIDAYS.—E. H. Minnich & Bro., in Chambersburg street, opposite the College Church, have laid in a large stock of goods intended for the Holidays, and invite the attention of the public thereto. It embraces, of course, all sorts of confections, fruits, nuts, &c., with an almost endless variety of toys. They have something to please the thousand different tastes of the little ones, with an assortment which they flatter themselves will be attractive to grown up folks. Give them a call. Their goods cannot but give satisfaction, whilst their prices are much lower than last year, and must be equally satisfactory.

Teachers desiring to make presents to their schools, as well as the trade, will be accommodated at the lowest possible figures. 4t

MARK THIS ITEM.—Too many men in business won't realize the fact when goods on hand decline, but H. B. Woods, down on the Corner, accommodates his prices to the "signs of the times," and is selling his Hats and Shoes a little lower than any body else. This is a simple fact, all "puffing" and "blowing" to the contrary notwithstanding. Try him and be convinced of what is here said. 1t

BUILD HOUSES.—Our town needs now, more than anything else, an increase of dwelling houses for the people—houses which our mechanics and laborers can purchase, and thus put their earnings and savings into permanent form. If the funds invested in oil speculations had been invested in houses, they could all have been sold at a handsome profit, and the amount re-invested in like manner with a similar result. We call upon our business men to unite and build houses—for each to build one, two or three, as they can spare the means from their business.

TEMPERANCE LECTURES.—Rev. Dr. Hay will deliver the second Lecture, in the German Reformed Church, this evening. The public are invited. Seats free.

SALE.—Nathan Smith has sold his farm, in Latimore township—70 acres, with improvements—to Peter Stevens, at $60 per acre.

BIG TURNIP.—Mr. George A. Bushman, of Straban township, sends us a Turnip weighing 6¼ pounds. One of *the* "heavy ones"—indeed, the heaviest of the season.

TEACHERS' INSTITUTE.—We are pleased to learn that the Teachers' Institute, which adjourned at Littlestown on Friday evening week, was, in many respects, the best ever held in the county. The attendance of Teachers from all parts of the county was unusually large, and each seemed to vie with the other in efforts to make the meeting a success. In this they were not disappointed.

The exercises were of a varied and interesting character. Addresses were delivered by Prof. M. L. Stoever, of Penna. College, Mr. P. D. W. Haukey, Mr. M. L. Gates, and County Superintendent Sheely. The Address of Prof. Stoever was able and instructive, and was pronounced a rich treat by all who heard it. An interesting feature of Thursday evening's session was the reading of portions of an original Poem, entitled "Pedagogics," by Prof. H. M. Grider, of York, Pa. Essays on appropriate subjects were read by Miss Kate Getz, Miss Rachie Wright, Mr. Robert McCleaf, and Mr. John F. McSherry. A number of Addresses and Essays had to be deferred for want of time to hear them, among which was one by Mr. J. Howard Wert. Among other subjects of interest to Teachers, "Parental Co-operation," "School Government," "Reading," and "Compensation of Teachers," were discussed in an able and lively manner.

Throughout the meeting entire harmony and good feeling seemed to prevail, and Teachers on all occasions treated each other with the utmost kindness and respect. All seemed to be sorry when the hour of final adjournment arrived. The next meeting will be held at New Oxford, subject to the call of the Executive Committee.

VERY TRUE.—An exchange is of the opinion that in most of the schools there is too little attention paid to the elementary branches—spelling, reading, writing and arithmetic. We have long been of the same belief ourself, and are becoming more confirmed of it every day. The tendency seems to be to crowd children forward into grammar, algebra, history and the higher branches long before they have formed even a fair acquaintance with what are popularly known as the minor studies. How frequently do we meet youngsters with a host of books upon their arms, including all the higher studies, who cannot read a sentence correctly? The fault lies no more with the teachers than with the parents. The latter are not satisfied unless their children are making rapid progress in school, and the teacher, in order to gratify them, too often advances the pupils long before their attainments warrant it. In our humble opinion no child can make much of a scholar unless he is well grounded in the elementary branches. Better make him a good reader, writer, speller and arithmetician than give him a mere smattering of all the studies known.

DON'T FRIGHTEN YOUR CHILDREN.—We know that it is a habit with many parents to frighten their children into obedience, by threats of imprisonment in dark rooms, or by picturing some great bugaboo that is ready to carry them off. Little do those who resort to this mode of reasoning (?) with innocent little ones, think of the fearful consequences that may result from such acts. A few days since a bright little lad in Evansville, Indiana, when playing on the steps, was threatened to be shut up in a dark room if he did not go in and stay in the house. The child, frightened, ran in and fell in paroxysms on the floor. He begged his mother not to let the man shut him up, and he would never go on the steps again. He sickened from this fright and never recovered. When conscious he begged his mother to keep the man away and he never would go on the steps again. And when the little fellow was dying he said, "Papa, don't let me die, I never will go on the steps again." We hope this instance may serve as a warning to parents who read the COMPILER, to be careful how they attempt to frighten their little ones.

☞ Maj. J. Tarbell, of the Federal army, who has been cultivating a plantation in the South since the close of the war, says: "Give the blacks the best State in the Union, with teams, seed, grain, farming tools, a years' supply of all things, and five hundred dollars in money each, with a government of their own, and they will starve to death the second year, and relapse into barbarism in half a century." Corroborative in part of this is the fact that large numbers of the Louisiana and Mississippi negroes, who before the war, were pretty well advanced, apparently, in Christian knowledge, are rapidly falling into heathenism and what is known as "vaudooism." Having been left entirely to themselves, as freemen, they fell from grace almost immediately, and are frequently detected in the act of performing the horrid African ceremonies which, it appears, were never forgotten by them.

☞ Gen. George H. Stuart, of Maryland, late major general in the Confederate service, and a graduate of West Point, has been pardoned, upon the recommendation of General Grant, Gen. Charles G. Halpine, ("Private Miles O'Reilly,") Gen. Alexander J. Perry, of the Quartermaster's department, Major Gen. Barker, Gen. Benjamin C. Card, Maj. Gen. James B. Ricketts, Gen. J. C. McFarren, Maj. Gen. Frank Wheaten, Gen. Morris S. Miller and Maj. Gen. David Hunter, coincided in by the Attorney General of the United States.

☞ The *Chicago Times* has always been something of a sensation paper, and has probably adopted the "impartial suffrage" policy more with an eye to notoriety and profit than as a permanent portion of its political creed. It may succeed by so doing in putting money into its owners' pockets, but it will not influence any considerable portion of the Democratic masses to either endorse or consent to its proposed policy.

☞ Although no formal official communication has been made to this government, there is no doubt that information has been verbally furnished of Napoleon's intention to remove the French troops from Mexico, at the earliest practicable time, the arrangements for that purpose being in progress. The reason why the first detachment, or one-third of the troops, were not embarked in November, according to the Emperor's own programme, is that the other two-thirds might be seriously damaged by the Liberals, who were persistently pressing them.

The End of all Things.—Rev. Dr. Cummings, we see by the latest literary announcements in London, is about to put to press another book, entitled 'The Sounding of the trumpet, or the Last Woe." The Doctor in this work kindly postpones the day of doom till 1870. As all his predictions heretofore have been melancholy failures, so we may humbly hope that the one he now puts forth is equally wide of the mark. While there is room for a reasonable doubt that the world is growing any better as it is growing older, yet there are so many incorrigible people in it who may reform, if they are given an extension of time, one could but wish, if only for their sakes, that the doctor's doleful prophecy, in this, as in previous instances, is but the dismal phantasy of a sickly brain.

☞ In Holmes county, Ohio, a veteran Democrat of 101 years traveled four miles to the polls; another, aged 98, went three miles; and two others, aged 93 and 94, went a considerable distance to deposit Democratic ballots. When such ancient patriots do thus, what excuse can young and vigorous men have for neglecting to inconvenience themselves to uphold their principles?

☞ Rev. James Prestly, D. D., pastor of one of the United Presbyterian churches of Allegheney city, was suspended last week by the Presbytery, because convicted of cruel treatment and indecent language to his wife and intimacy with other women not consistent with fidelity to his wife. He has not been charged with adultery. Mrs. Prestly has applied to the courts for a divorce. Dr. Prestly is one of the ablest divines in his church, and has a number of adherents who believe him guiltless. He addressed his people on last Sunday, and appealed to them not to act hastily or passionately on the question of his dismissal.

☞ Patriotism in 1864—No power on earth can or shall dissolve the Union.

Patriotism in 1866—The Union is dissolved, and all who deny it are copperheads and traitors.

Treason in 1864—To speak disrespectfully of the President and his policy.

For the Compiler.

MR. EDITOR: Allow me to pen a few lines on the death of Mrs. Mary E. Benson, wife of Dr. C. W. Benson, of Littlestown, Pa., who departed this life on the 8th of Nov., 1866.

The subject of this notice was a pious, intelligent, and affectionate lady. For years she professed that religion which gives peace of mind in this life, and everlasting pleasure in the world which is to come. She was always kind and affectionate, and always friendly to all who visited her. She made home a desirable place to be. For several years she had been a member of the M. E. Church, but on settling permanently at Littlestown, she with her husband joined the U. B. Church, where she lived a consistent member until death called her to that land from which no traveler has yet returned. She has gone! We miss her from the house of God; we miss her as a citizen and friend; and we miss her when we visit the family. The family miss her at family prayer, and at the table. The husband may say, I miss her when I leave the house, and when I return. I miss her all the time. I hear her sweet voice no more, and her pleasant smiles no longer greet me. Can it be that she is lost to us to return no more? Yes, it is true! It seems hard, but we will not murmur nor complain, since "God doeth all things well." We trust her friends are all over her, her last battle fought, and the victory won. When she was informed by her husband that she must die, she gave no signs of fear, but of readiness to depart. Her last request was that her children (two in number, one only five years old) might be well cared for. May God bless her husband, her two children, and all the relatives, and help them to meet in a better land than this.

Yours, H. A. SCHLEICHER.

Allcock's Porous Plasters.

LAKE BACK,
New York, Nov. 23, 1866.

T. ALLCOCK & CO.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your plasters much recommended for cases of this kind, I procured one, and the result was all I could desire. A single plaster cured me in a week.

Yours respectfully,
J. G. BRIGGS,
Proprietor of the Brandreth House,
CURE OF CRICK IN THE BACK, AND LUMBAGO.
Lyons, N. Y., July 4, 1866.

MESSRS. ALLCOCK & CO.: Please send me a dollar's worth of your plasters. They have cured me of a crick in my back, which has troubled me for some time, and now my father is going to try them for difficulty about his heart.

L. H. SHERWOOD,

Dr. Green, No. 863 Broadway, New York, informs us he sold, on Monday, June 23d, 1862, two plasters to a young woman suffering very severely from lumbago. On Thursday she called to get two more for a friend, and then stated how the two she had purchased on Monday had relieved her immediately after putting them on, and cured her in two days of a most distressing pain in her back and loins.

A Life Saved.

Much has been said, and volumes could be written on the serious effects attendant upon the Bowels. Death may soon follow, or it may, a long and tedious illness. There is one certain way to obviate all this. Purchase, and always use, as a medicament, DOWNS' ELIXIR SYRUP, effectual in every trial, purgative in form, but mild in their course. For all disorders of the Stomach, Liver, Kidneys, Bladder, Nervous Diseases, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Fevers, Piles, and latent and deranged wants, they are considered most effective and give great satisfaction. They are a vegetable substitute for mercury, are tasteless (being coated with gum), and their effect in thousands of instances has been—a life saved. The highest medical authority attests that Radway's Regulating Pills, in their purity, properties and successes, stand undisputed the most efficacious aperient, best and mildest purgative extant.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to digest the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be readily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any or many cases of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

Dr. Marshall's Catarrh Snuff.

This snuff has thoroughly proved itself to be the best article known for curing the Catarrh, Cold in the Head and Headache. It has been found an excellent remedy in many cases of Sore Eyes.—Deafness has been removed by it, and Hearing has often been greatly improved by its use.

It is fragrant and agreeable, and GIVES IMMEDIATE RELIEF to the dull heavy pains caused by diseases of the head. The application of a pinch at are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives a healthy action to the parts affected.

More than Thirty Years of sale and use of "Dr. Marshall's Catarrh and Headache Snuff," has proved its great value for all the common diseases of the head, and at this moment stands higher than ever before.

It is recommended by many of the best physicians, and is used with great success and satisfaction everywhere.

Read the Certificates of Wholesale Druggists in 1858: The undersigned, having for many years been acquainted with "Dr. Marshall's Catarrh and Headache Snuff," and sold it in our wholesale trade, cheerfully state, that we believe it to be equal in every respect, to the recommendations given of it for the cure of Catarrhal Affections, and that it is decidedly the best article we have ever known for all common diseases of the Head.

Ayer's Pills.

Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some slight sickness is coming upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and deranged states of the natural functions of the body, they are rapidly, and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul stomach, Dysentery, Bilious complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Popular Science.

THE SCIENTIFIC AMERICAN
TO BE GREATLY ENLARGED.

This widely circulated and Popular Journal of the Industrial Arts and Sciences enters its Twenty-second Year on the 1st of January next, and the Publishers propose to signalize the occasion by Enlarging it to the size of the most costly Scientific Journals of Great Britain, without, however increasing the subscription price.

It is almost superfluous to speak of the great value of this Popular and Useful Journal to all classes, and especially to Mechanics, Manufacturers, Inventors, Engineers, Chemists, Agriculturists, and all who love to read of the wondrous progress which now marks every department of Mechanical Engineering and the Industrial Arts and Sciences generally.

The Editorial department is very ably conducted, and many of the best Scientific writers in this country and Europe are contributors to its pages. Many of the articles have the charm of romance about them, and inspire the mind with noble ideas.

The Scientific American has the largest circulation of any similar journal in existence, but it ought to have a million of readers in this growing country.

The engravings of New Inventions; Tools, Implements for the Farm, Workshop and Household are very numerous, and are splendidly executed by the best artists in the world. This feature of the paper is very striking, and has won the praise of the united press of this country and Europe.

Another feature peculiar to the Scientific American is the Official publication of every Patent granted by the Government Patent Office. Each number contains the weekly issue of Patent Claims, with copious notices of new inventions, together with Reviews of Foreign Inventions and Discoveries in every department of Science.

Whoever reads the Scientific American is instructed and entertained, without being bothered with hard words and dry details.

The American and European Patent Office, in connection with the Scientific American, form an immense Museum of Mechanical Novelties, which furnish constant employment to a large corps of Scientific Examiners who prepare drawings and specifications for Patents.

This firm is no doubt the most extensive in the world.

Now is the time to send in subscriptions to the Scientific American, so as to begin with the new volume.

The numbers for a year make up a splendidly illustrated volume of 832 pages. Terms: $2 per annum; $1 50 for six months: $1 for four months; Clubs of ten and upward, $2,50 each; Canadian subscribers, $3 25 per annum, always in advance. Specimen numbers sent free; also, a pamphlet of advice to inventors. Address MUNN & CO.,

Godey's Lady's Book

FOR 1867.

THE
Fashion Magazine of the World.

LITERATURE, FINE ARTS, AND FASHIONS. The most magnificent Steel engravings. DOUBLE FASHION PLATES. Wood engravings on every subject that can interest ladies. Crochet knitting, Netting, Embroidery, Articles for the Toilet, for the Parlor, for the Boudoir, and the Kitchen. Everything, in fact, to make a COMPLETE LADY'S BOOK.

The Ladies' Favorite for 37 years.

No Magazine has been able to compete with it. None attempt it.

GODEY'S RECEIPTS
for every department of a household. These alone are worth the price of the Book.

MODEL COTTAGES (no other Magazine gives them), with diagrams.

DRAWING LESSONS FOR THE YOUNG. Another specialty with Godey.

ORIGINAL MUSIC, worth $3 a year. Other Magazines publish old worn-out music; but the subscribers to Godey get it before the music stores.

GARDENING FOR LADIES. Another peculiarity with Godey.

Fashions from Messrs. A. T. Stewart & Co., of New York, the millionaire merchants, appear in Godey, the only Magazine that has them.

Ladies' Bonnets. We give more of them in a year than any other Magazine. In fact, the Lady's Book enables every Lady to be her own bonnet maker.

MARION HARLAND,
Authoress of "Alone," "Hidden Path," "Moss Side," "Nemesis," and "Miriam," writes for Godey each month, and for no other magazine. A new novel by her will be published in 1867. We have also retained all our old and favorite contributors.

Grand Jury Report.

TO the Honorable the Judges of the Court of Quarter Sessions of the Peace in and for the county of Adams.

The Grand Jury for the November Term, A. D., 1866, having visited the Public Buildings, beg leave to make the following report.

We found the Jail building and cells, &c., neat and clean, and in a condition highly creditable to the officer in charge.

The Grand Jury have understood that the Eastern Penitentiary is nearly or quite full of convicts at present, and that it will be necessary for the Court to sentence prisoners or convicts to the Common Jail of the county for short confinement. They therefore recommend to the Commissioners of the county to have more cells in the Jail properly secured, as there are but two of said cells in a proper and secure condition for the confinement of convicts. We also found the gates leading into the Jail-yard to be defective, and call the attention of the Commissioners of the county thereto.

In regard to the Alms-house, the rooms of the inmates, as well as the beds, presented an air of cleanliness and comfort which spoke well for the Steward and family. The wants of the inmates are duly cared for, a proper regard to economy and good house-keeping being always had. The grounds have been much improved by the erection of a long-needed good fence. But several of the buildings, especially the barn and main building, are in much need of new roofing in part. As soon as means will permit, repairs of the kind indicated should be made. We call the attention of the Directors thereto.

Respectfully submitted,
LEVI CHRONISTER, Foreman.

At the Old Business.

LEWIS KUMMERANT has re-commenced the TAILORING business, in Chambersburg street, between Washington and West streets, Gettysburg, and asks a share of the custom of the public. His long experience in the business enables him to guarantee good fits and good work, whilst the latest fashions will be consulted in cutting whenever desired. No effort will be spared to render satisfaction, and he feels sure that all who patronize him will be satisfied. His prices for work are as low as they can possibly be to afford him an economical living, and no one could in reason ask them to be any less. He asks his old friends to give him a call, as well as the public generally.

Groceries, Notions, &c.

GEORGE H SWOPE, having purchased the fine GROCERY ESTABLISHMENT of James A. Grimes, on York street, a few doors east of Wolf's Hotel, and having added largely to the already extensive assortment on hand, offers the public a variety of Goods in his line rarely, if ever before, kept here.

His SUGARS, COFFEES, TEAS, MOLASSES, SYRUPS, &c., can't be beat, in quality or price; whilst his assortment of NOTIONS embraces almost everything the public can possibly need. House-keepers and others should give him a call before buying elsewhere, as he is convinced that he has the best stock in town, and that no one can go away disappointed.

☞ The CABINET-MAKING business is continued, in all its branches, at the old stand, a few doors east of the Store. No efforts spared to please the public, as heretofore.

Great Excitement!

A

MAJORITY of those who read Newspapers never give a hasty glance at a business advertisement, and if a

MAN

actually has the best, the prettiest and the cheapest goods in all creation, actually selling them at break-down prices—too few heed the fact for their own interest, therefore we have

FOUND

it best to simply invite every body to call and examine our stock and prices before buying one dollar's worth elsewhere, for I can and will make it to the interest of all those who are not

STEINWAG & SONS.

☞Particular attention is given to the selection of Pianos; and when so selected, in addition to the manufacturers' guarantee, the Pianos are guaranteed by me.

MASON & HAMLIN
CABINET ORGANS AND MELODEONS.

The recent improvements in these instruments are such as to fully warrant saying they are FAR SUPERIOR to any other make. One of the best evidences of their merit is, that their improvements are imitated by other makers. The new style, four stop organ, have a Sub-Bass and Octave Coupler, making it an instrument especially adapted to Church and Sabbath School purposes.

DESCRIPTIVE CIRCULARS

A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.

Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth the dyspeptic to ease.
They are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills,
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take.
Get a bottle if troubled with nervousness quality;
Rahter says it will cure; just try its ability.
Essence of life, then, to young and to old;
A certain preventive from coughs and colds.
Try it all, who are troubled with a weak appetite,
Zest is given by these Bitters, if only used right;
In scrofula, colic, or ahad diarrhœa,
None who've tried it of either have any more fear.
Great Bitters is this, then, for rich and for poor;
A bottle can be had for a dollar (and more—
Rahter gives it to those unable to pay),
In no case of sickness will he turn them away.

F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:

"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several eminent physicians, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured." HENRY HULL.

Harrisburg City, Pa., Sept. 8, 1866.

Personally appeared the above named Henry Hull, and made oath in due form that the facts are true as above stated.

THE
PERUVIAN SYRUP
IS A PROTOXYD SOLUTION OF THE
Protoxide of Iron,

a new discovery in medicine which STRIKES AT THE ROOT OF DISEASE, by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, OR accompanied by DEBILITY, or A LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.
DURHAM, Canada East, March 24, 1865.

"I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

☞THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

☞See that each bottle has PERUVIAN SYRUP blown in the glass.
